

VERSATILE TOWING SOLUTIONS

To Meet The Demands Of Your Facility

PACK MULE Towing Solutions

STOCK CHASERS

Ideal for navigating narrow aisles, stock chasers offer fast, versatile transportation of goods, boosting productivity.

BURDEN CARRIERS

Burden carriers play a crucial role streamlining logistics operations, across various industries handling heavy loads, large or bulky items.

PERSONNEL CARRIERS

Personnel carriers offer comfortable and efficient movement of staff across large facilities, improving productivity.

TUGGERS

Tuggers excel in providing powerful and reliable towing of materials over long distances, optimizing material handling and logistics operations.

TOWABLE CARTS & TRAILERS

DELIVERY CARTS & TRAILERS

Delivery carts and trailers efficiently transport goods over short distances, ensuring timely delivery and improving material flow.

CARGO TRAILERS

Cargo trailers provide significant capacity for the transportation of large or oversized items and the handling of bulk materials.

PALLET CARTS & TRAILERS

Designed for palletized loads, single and double pallet carts and trailers enhance productivity by facilitating the easy movement of heavy pallets.

ORDER PICKER CARTS

Towable order-picking carts streamline the picking process, allowing for efficient collection and transport of goods and materials.
